3 000 AZN

İş təcrübəsi

05.2021 - hələdə işləyirəm

SOCAR
Software Engineer

● Developed web application for SOCAR's internal use to store user data for both internal and external job applications to ease HR Department's effort, of which daily workload is reduced by 2 hours, and pitched the Data Management Department to use this web application, which resulted in the creation of a candidate suggestion system and prevented an additional $120,000 cost allocated for this purpose. ● Participated in backend development for the "RocWeb" project and the preparation of OOP and

09.2018 - 04.2021

SOCAR
Control and Automation Engineer

● Designed Grafana dashboards to ensure real-time visualization for the "ROC Monitoring" project, which serves to observe 542 measurement points throughout Azerbaijan and saved $1,258,800 for the client by abandoning the expensive PLC + SCADA solution. ● Designed the schema of the InfluxDB time-series database and integrated the "ROC Monitoring" project of SOCAR's Gas Export Department into this database. ● Desgined SCADA system, programmed HMI, created DataLogger, Historian, Alarm & Notific

12.2015 - 06.2018

Middle East Technical University
Private Tutor

● Tutored 30+ students studying in 3 CS-related departments from 4 universities on Algorithms and Data Structures.

Təhsil

2016

Ali təhsil
Middle East Technical University
Fakültə qeyd edilməyib / Electrical and Electronics Engineering

Specialized in Control Systems and Computer Science, especially on Data Structures and Algorithms.

Xüsusi biliklər

Dil bilikləri

İngilis — C2 — Səlis

Biliklərim

java Python sql Spring

Əlavə informasiya

Electrical and Electronics Engineering in Middle East Technical University.

Software Engineer with advanced Data Structures and Algorithms skills.
