### Əlavə informasiya

I am a skilled frontend developer with 3 years of experience in the industry. Throughout my career, I have gained a deep understanding of technologies such as HTML5, CSS3, JS, JQuery, TS, Vue.js, React.js, SASS/SCSS, Bootstrap, Figma, React Hooks, React Router, React Redux, React Native, Git, Github, Next.js

and so on, and have demonstrated my ability to create visually stunning and responsive user interfaces.

As a frontend developer, I am passionate about creating engaging and intuitive websites that provide users with an exceptional browsing experience. I am adept at using various design tools and frameworks, and are always on the lookout for the latest industry trends and best practices.

I have a keen eye for detail, and committed to producing high-quality work that meets the needs and expectations of my clients. I understand the importance of effective communication, and work closely with my team to ensure that all aspects of a project are executed flawlessly.

When it comes to choosing a job, I am seeking a role that offers opportunities for growth and development, as well as the chance to work on exciting and innovative projects. I am looking for an environment that fosters collaboration, creativity, and open communication, and committed to contributing my skills and expertise to the success of the company.

Overall, I am a highly skilled and motivated frontend developer with a passion for creating exceptional user experiences. I am eager to take on new challenges and continue to grow and develop my skills in the industry.
