Rus — C2 — Səlis  
Türk — C2 — Səlis  
Azərbaycan — C2 — Səlis

## Əlavə informasiya

Orkhan Karimli – Junior Project Coordinator

I am a Junior Project Coordinator with 11 months of experience at RSM Azerbaijan, where I've honed my skills in project coordination, communication, and ensuring the timely completion of deliverables. My experience is complemented by an internship in the Audit sector at the same firm, allowing me to gain a well-rounded understanding of both project management and auditing processes.

I hold a degree in Business Informatics from Azerbaijan State Oil and Industrial University, where I developed a strong foundation in business and technology. Additionally, I completed specialized training in Business Analytics at IT HUB Azerbaijan, mastering key concepts such as data analysis, visualization, and statistical modeling. This training has equipped me with the ability to apply analytical techniques to real-world case studies, enhancing decision-making processes by identifying trends and actionable insights from complex datasets.

I am proficient in using industry-standard analytical tools, including Excel, SQL, and Tableau, which I have utilized in various projects to drive data-driven decision-making. My capstone project at IT HUB involved analyzing large datasets and providing strategic recommendations for business improvement, demonstrating my ability to translate data into practical business solutions.

I am fluent in Azerbaijani, English, and Russian, and have advanced proficiency in Turkish, which allows me to work effectively in diverse and international environments. With strong organizational abilities, attention to detail, and a commitment to continuous learning, I am eager to contribute my skills and expertise to roles that require a blend of project management and analytical capabilities.
