Əlavə informasiya

As a detail-oriented and adaptable QA Engineer, I aim to enhance company success through effective quality control and team collaboration. I bring strong technical and analytical skills to ensure software quality and reliability. Proficient in tools such as Postman, Jira, Confluence and Testrail, I excel in writing and executing test cases, bug reports, test plans, and utilizing various test design techniques. I have a solid understanding of SQL , HTML , CSS, and experience with STLC and SDLC processes. With strengths in leadership, teamwork, multi-tasking, attention to detail , and adaptability , I thrive in dynamic environments. Eager to learn and solve problems, I continuously aim to deliver high-quality results and contribute to team success.
