Əlavə informasiya

My specialization is computer science. I graduated from Azerbaijan State Oil and Industry University this year. I graduated from Code Academy with a diploma in full stack programming. I was accepted to the artificial intelligence course with a 100% scholarship through the Technest scholarship program. I graduated with honors in QA engineering in the Algorithmics course. I have participated in several volunteer programs with the Birkonnüllü and Kayıdış organizations. I have attended and won Hackathons on artificial intelligence. I have a high GPA and an aptis diploma in English at the university. I know Russian at the level of my native language. I was a QA engineer intern at RISK company and then a QA engineer intern in KapitalBankLife. Currently, I am a QA engineer of two teams at KapitalBankLife
